3 DECEMBER 2015 (Thursday)

Topic of the Day: #STRATEGY

09:00-10:30

Conference Hall No. 1
Gostiny Dvor

Business Breakfast *(by invitation only)*
by the Minister of Transport of the Russian Federation

TV Link-Up with the Republic of Tatarstan

To observe the end of construction of federal facilities and regional part within the project entitled
“Sviyazhsky Interregional Multimodal Logistics Centre (Republic of Tatarstan)”

10:00-12:00

Conference Hall No. 2
Gostiny Dvor

International Conference

VTM dorproekt

An Integrated Approach to Ensuring the Quality of Design Products. Project Management

- Information modelling technologies in the design of road facilities as the factor improving design solutions
- External and internal quality factors of design documents
- FUTURE WITH BIM: methodology, implementation, efficiency
- International and Russian project management trends
- Integrated approach to project management at BTM dorproject
- Information systems in addressing construction control tasks
- Relevant project management issues in consideration of FIDIC practices

Moderator:

Igor Urmanov, First Deputy Board Chairman of the Management Board for Technological Policies, Russian Highways State Company

Speakers:

Matti-Esko Järvenpää, Development Manager, WSP Finland Ltd.

Oleg Kaschenko, Vice-President, National Association of Construction Engineering Consultants, NACEC ;
Advisor to the CEO, Institute Stroyproekt

Yuliya Lapitskaya, Deputy Chief Engineer, VTM Dorproekt

Vitaly Mironuk, Head, Design Department of Highways, Avtodor-Engineering

Sergey Panfilov, Chief Specialist, VTM dorproekt Stolitsa Ltd., PhD (Moscow, Russia)

Alexey Polkovnikov, President, National Project Management Association COBHET

Alexey Semenov, Chairman of the Board, Geoscan Group

Mikhail Tkachenko, Founder, VTM dorproekt

Yury Trubitsin, Managing Partner, Project PRACTICE; Vice-President, Management Association project SOVNET

10:30
Press Centre
Gostiny Dvor

10:30-12:00
Conference Hall No. 3
Gostiny Dvor

Agreement and Memorandum **Signing Ceremony**

Round Table

United Nations Development Programme / Global Environment Facility

- Ministry of Transport of Russia Project “Reducing GHG Emissions from Road Transport in Russia’s Medium-sized Cities”

Developing Non-motorised Modes of Transport

- Public transport and non-motorised modes: the perfect alliance
- Showcases of promoting sustainable active mobility: THE PEP partnership for cycling and the Austrian masterplans for cycling and walking
- Bicycle culture in Russia: historical challenges and development prospects
- Recovering cities for pedestrians: some international trends

Welcome addresses:

Maxim Sokolov, Minister of Transport, Russian Federation

Olivier Adam, Deputy Regional Director, UNDP RBEC

Moderator:

Yury Trofimenko, Head of the Department of Technosphere Security, Moscow Automobile and Road Construction University (MADI), Director, Institute of Energy and Environment Challenges at MADI

Speakers:

Angel Aparicio, Associate Professor at the Department of Transport Engineering, Technical University of Madrid, Spain

Konstantin Glukhenkiy, Economic Affairs Officer, Sustainable Transport Division of the United Nations Economic Commission for Europe

Vladimir Kumov, Author and Curator of the National Project Let's bike it!, Advisor to the Deputy Minister of Transport, Russian Federation

Mohamed Mezghani, Deputy Secretary General, International Association of Public Transport (UITP), Belgium

11:00
Gostiny Dvor

Opening ceremony of the exhibition

11:30-12:00
Gostiny Dvor

Official tour across the exhibition

by Ministers of Coordination Meeting for Transport between CIS Member States

12:00-12:30
Catering zone
Gostiny Dvor

Coffee break

12:30-14:00
Conference Hall No. 3
Gostiny Dvor

Round Table

Union of Railway Constructors

Construction in a Tough Economic Environment

- What infrastructure does Russia need for developing a hi-tech, competitive market for transport services?
- Legislative and regulatory base: what initiatives will really accelerate project delivery?
- Demand for technologies: how does the logistics and heavy engineering business alter the transport infrastructure's operational tasks?
- What technologies might make Russia's transport infrastructure more competitive?
- Import substitution: a cure-all or a threat? What exactly can we and must we produce on our own?
- The need for engineering and managerial staff: should responsibility be divided between universities and business?

Moderator:

Gennady Talashkin, President, Union of Railway Constructors

Speakers:

Boris Gusev, Corresponding Member, Russian Academy of Sciences; President, Russian Academy of Engineering

Eduard Dadov, Vice-President, NOSTROY

Alexander Misharin, First Vice-President for Development of High Speed Traffic, Russian Railways;
CEO, High-Speed Rail Lines

Alexander Miskaryan, Executive Director, Bamstroy Mekhanizatsia

Alexey Surovtsev, Chairman of the Board of Directors, Deputy CEO – Technical Director, Institute Stroyproekt

Alexander Teploukhov, CEO, VSP - Management Organization Murom Switch Works

Alexey Tsydenov, Deputy Minister of Transport, Russian Federation

Andrey Volkov, CEO, Roszheldorproekt

Mikhail Zherebtsov, CEO, Administration of Civil Airports (Airfields)

Anton Zubikhin, Deputy CEO for Sales and Relations with Public Authorities, Sinara Transport Machines

13:30-15:00
Coliseum
Gostiny Dvor

Expert Dialogue

Inland Water Transport of Russia: Systemic Problems and Ways to Resolve Them

- On systemic problems of inland water transport development
- Acting on the Russian President's instructions to divert freight flows from road to inland water transport
- On foreign experience of government support for developing inland water transport and on measures aimed at diverting freight flows from road to inland water transport
- On gradual transition to financing by federal budgetary funds, based on approved standards for maintenance of internal waterways and navigable hydraulic engineering installations by 2018
- On development of cruise and water tourism in the Russian Federation

Welcome address:

Igor Levitin, Assistant to the President, Russian Federation

Moderator:

Alexander Davydenko, Advisor to the Minister of Transport, Russian Federation

Speakers:

Konstantin Anisimov, CEO, Moscow Steamship Company

Peter Caky, Counsellor for Maintenance of Navigable Waterways, Danube Commission Secretariat

Zakhary Dzhioyev, Director, Economics and Finance Administration, Federal Agency of Sea and Inland Water Transport

Sergey Korneev, Deputy Head, Federal Agency for Tourism

Stanislav Naboko, Chief Executive, Main Directorate for Construction, Transport, Housing, Utilities and Roads, Altai Region

Tatyana Pantina, Professor, DSc (Econ.), Provost for Academic Work, State Admiral Makarov University of Sea and River Fleet

Viktor Vovk, Deputy Head, Federal Agency of Sea and Inland Water Transport

14:00-15:00
Catering zone
Gostiny Dvor

Lunch

14:30-16:30
Conference Hall No. 3
Gostiny Dvor

Round Table *(by invitation only)*

On Specific Issues regarding the Practical Implementation of Current Russian Federation Legislation on Transport Security

- Key problems in holding inspections conditioned on safe transport regulations
- Certain aspects of control and oversight in ensuring safe public transport
- Relevant issues of training and certification of personnel in charge of safe transport
- Specifics of ensuring transport safety in the transport infrastructure and transport vehicles not liable to rating by type of transport

Welcome address:

Maxim Sokolov, Minister of Transport, Russian Federation

Moderator:

Nikolay Zakhryapin, Deputy Minister of Transport, Russian Federation

Speakers:

Anatoly Demyanov, Deputy Director, Department of Transport Safety and Special Programmes, Ministry of Transport, Russian Federation

Alexander Kornienko, Director, Department of Transport Safety and Special Programmes, Ministry of Transport, Russian Federation

Alexey Pyatigorsky, Deputy Director, Department of Transport Safety and Special Programmes, Ministry of Transport, Russian Federation

Vyacheslav Seden, Deputy Director, Department of Transport Safety and Special Programmes, Ministry of Transport, Russian Federation

15:00-16:45
Gostiny Dvor

Official tour across the exhibition

15:30-16:30
Conference Hall No. 2
Gostiny Dvor

**Council of State Administrations
for CIS Sea and River Transport**

15:30-17:00
Coliseum
Gostiny Dvor

Plenary Session

Transport Infrastructure for 2018 FIFA World Cup to Encourage Growth in Russia's Regions

- How are the constituent entities of the Russian Federation preparing for the World Cup?
- What impact is the World Cup having on the economies of constituent entities of the Russian Federation?
- Which transport solutions will be used following the World Cup?

Welcome addresses:

Igor Levitin, Aide to the President, Russian Federation

Vadim Tulpanov, Chairman, Federation Council of the Federal Assembly of the Russian Federation
on the Preparation and Holding of the 2018 World Cup in the Russian Cup

Maxim Sokolov, Minister of Transport, Russian Federation

Moderator:

Terenty Mescheryakov, CEO, Olympic Games Transport Directorate

Speakers:

Andrey Bocharov, Governor, Volgograd Region

Evgeny Chudinovsky, CEO, MC Airports of Regions

Vasily Golubev, Governor, Rostov Region

Stefano Manelli, Director of Citec in Italy, Advisor to UEFA and IOC for Transport

Life Translation from the Construction Sites in Saint Petersburg and Rostov-on-Don

17:00-18:30
Conference Hall No. 2
Gostiny Dvor

Round Table
Centre for Infrastructure Economics
Transport Infrastructure Specialisation

- Specialisation of different types of transport on various service types and distances
- Competitive advantages of different types of transport depending on distance and service time requirements
- Competition and convergence in freight and passenger transport services
- Optimisation of the government investment and regulatory policy for creating and developing the transport infrastructure at minimum cost
- Competition for routes between different types of transport
- Organisation of a multimodal transport service

Moderator:

Vladimir Kosoy, President, Centre for Infrastructure Economics

Speakers:

Christian Böttger, Development Director, A+S

Mikhail Dmitriev, President, New Economic Growth

Yury Elizaryev, Advisor to Minister of Transport, Russian Federation

Innokenty Ivanov, Partner, Head of Infrastructure and Transport Practice, Freshfields Bruckhaus Deringer

Dmitry Kovalev, Partner, PricewaterhouseCoopers Russia

Yaroslav Mandron, Director, Department for the State Regulation of Tariffs, Infrastructure Reforms and Energy Efficiency, Ministry of Economic Development, Russian Federation

Alexander Misharin, First Vice-President for Development of High Speed Traffic, Russian Railways; CEO, High-Speed Rail Lines

Dmitry Rutenberg, Deputy Head, Department for Control over Transport and Communications, Federal Antimonopoly Service

Konstantin Sokolov, President, FESCO Group

Alexey Tsydenov, Deputy Minister of Transport, Russian Federation

Dmitry Tvardovsky, Director, Department of Strategic Planning, Russian Highways State Company

Kirill Yankov, Head of Laboratory, Institute of National Economic Forecasting under Russian Academy of Sciences; Deputy Chairman, Union of Consumers, Russian Railways

17:00-18:30
Conference Hall No. 3
Gostiny Dvor

Round Table

Effectiveness and Safety of Flights with Flight Information Services Organised at Low Intensity Airfields

- World flight operation technologies without flight dispatch services at low-intensity airfields
- Foreign experience in determining the needs of air traffic management at airfields
- The need to implement global flight operation technologies without flight dispatch services at low-intensity airfields, existing problems
- The urgent need to implement global technologies in helicopter companies
- The position of the airport administration, airline executives and individual pilots on implementation of global flight operation technologies without flight dispatch services at low-intensity airfields, existing problems
- Acquired experience: further refinement of use of air traffic management technologies at low-intensity airfields

Moderator:

Valery Okulov, Deputy Minister of Transport, Russian Federation

Speakers:

Oleg Baryakhtar, Chief Navigating Officer, Department for Air Navigation Flight Support, UTair-Helicopter Services

Dmitry Kosolapov, Deputy Director for Air Traffic Management Infrastructure, IATA Representatives in Russia and the CIS

Vasily Kryuk, CEO, Yamal Airlines

Oleg Nikolaev, Deputy CEO, Airport Surgut

Alexander Pivovarov, Director, Air Traffic Management, North Siberia Flight Navigation, State Corporation

Vladimir Tyurin, President, Association of Private Pilots and Aircraft Owners

Alexander Sorokovikh, Director, Air Traffic Management, North Siberia Flight Navigation, State Corporation

Oleg Yevtushenko, Senior Deputy CEO, Manager of Scientific-Research Air Navigation Institute Branch, Federal State Unitary Enterprise Scientific-Research Institute of Civil Aviation

17:00-19:00
Conference Hall No. 1
Gostiny Dvor

Coordination Meeting for Transport between CIS Member States

19:00-21:00
Vremena Goda
Restaurant

Official Reception *(by invitation only)* Ministry of Transport of the Russian Federation

4 DECEMBER 2015 (Friday)

Topic of the Day: # INTERACTION

09:00-10:00
Conference Hall No. 2
Gostiny Dvor

Round table

Prospects for Air Service Market Development with an Eye to the New Challenges

- Which state support mechanisms for regional aviation will allow effective development of this form of transport without making it dependent on budget subsidies?
- How can regional airports be given investment appeal?
- What is preventing constituent entities of the Russian Federation and investors from being actively involved in this programme?
- How can regional aviation be provided with all the requisite resources in time?

Moderator:

Stanislav Solomko, Associate Partner, Head of Representative Office in Russian Federation

Speakers:

Ivan Batanov, Deputy Director Network&Revenue Management, Aeroflot - Russian Airlines

Sergey Emdin, CEO, Northern Capital Gateway

Alexander Fridlyan, PhD, Director NC-19, State Research Institute for Civil Aviation (GosNII GA)

Andrey Kruglov, Head of Department of Regulation of Transport, Federal Air Transport Agency

Andrey Martirosov, CEO, Airline UTair

Denis Nuzhdin, Managing Director – Deputy Airport Director, Domodedovo Airport

Valery Okulov, Deputy Minister of Transport, Russian Federation

Evgeny Plaksin, CEO, International Airport Simferopol

Vladimir Tasun, President, Russian Airtransport Operators Association

Yaroslav Zubilov, Director, PR&GR, Northern Capital Gateway

09:00-13:00
Conference Hall No. 1
Gostiny Dvor

Conference

Russian Highways State Company

Development of Expressways of the Russian Federation

- State policy priorities in developing the federal road network of the Russian Federation
- Approaches for forming Russia's national high-speed highway network
- Impact of expanding the high-speed highway network on economic development
- Prospects for development of the regional road network
- International experience of creating high-speed highway networks

Welcome addresses:

Evgeny Ditrikh, First Deputy Minister of Transport, Russian Federation

Sergey Kelbakh, Chairman of the Board, Russian Highways State Company

Roman Starovoyt, Head, Federal Road Agency, Ministry of Transport, Russian Federation

Igor Starygin, CEO, RADOR Association

Moderator:

Sergey Kelbakh, Chairman of the Board, Russian Highways State Company

Speakers:

Alexander Bazhenov, CEO, Federal Center for Project Finance

Ilgiz Bikmukhametov, Vice-Chairman, State Committee for Transport and Road Economy, Republic of Bashkortostan

Pavel Kadochnikov, Provost of All-Russia Foreign Trade Academy, Ministry for Economic Development, Russian Federation

Igor Kostyuchenko, Director of Department for State Road Policy, Ministry of Transport of the Russian Federation

Igor Poberezhnyuk, Director for Project Development, Vinci Concessions

10:00-11:30
Coliseum
Gostiny Dvor

Casual Discussion
with Deputy Ministers of Transport of the Russian Federation

Moderators:

Maxim Sokolov, Minister of Transport, Russian Federation

Vadim Tikhomirov, Radio Host, Mayak Radio Station

Speakers:

Evgeny Ditrikh, First Deputy Minister of Transport, Russian Federation

Sergey Aristov, State Secretary – Deputy Minister of Transport, Russian Federation

Nikolay Asaul, Deputy Minister of Transport, Russian Federation

Valery Okulov, Deputy Minister of Transport, Russian Federation

Viktor Olersky, Deputy Minister of Transport, Russian Federation

Alexey Tsydenov, Deputy Minister of Transport, Russian Federation

Nikolay Zakhryapin, Deputy Minister of Transport, Russian Federation

10:00-12:00
Gostiny Dvor
Conference Hall No. 3

State Policy in Marine and River Transport *(by invitation only)*

12:00-13:00
Catering zone
Gostiny Dvor

Lunch

12:00-13:30
Conference Hall No. 2
Gostiny Dvor

Round Table

Implementing the Tolling System to Cover the Damage Caused to Federal Public Highways by Vehicles with a Permitted Maximum Weight in Excess of 12 Tons

- The main prerequisites and principles of tolling to compensate for damage caused to federal public highways by vehicles with a permitted maximum weight in excess of 12 tonnes
- First results of introducing the system of tolling to compensate for damage caused to federal public highways by vehicles with a permitted maximum weight in excess of 12 tonnes

Welcome addresses:

Evgeny Ditrich, First Deputy Minister of Transport, Russian Federation

Roman Starovoyt, Head, Federal Road Agency, Ministry of Transport, Russian Federation

Sergey Ten, Deputy Chairman of the Transport Committee, State Duma, Federal Assembly, Russian Federation

Moderator:

Dmitry Pronchatov, Deputy Head, Federal Road Agency, Ministry of Transport, Russian Federation

Speakers:

Valery Alekseev, Vice-President, Russian Road Transport Union

Mikhail Blinkin, Director, Institute for Transport Economics and Transport Policy Studies, Higher School of Economics

Aleksey Bogdanov, National Transport Manager, Wimm -Bill-Dann

Paul Brusser, Head, Directorate of Infrastructure Projects; Managing Director, Department of Project and Structured Finance, Gazprombank

Ivan Grigorovich, Head, Roads of Russia

Gleb Kinder, Member of the Presidium of the Board, OPORA RUSSIA

Elena Semenova, Head, Legal Provision and Public- Private Partnership, Federal Road Agency

Alexander Shumsky, Project Manager, Probok.net

Alexander Sovetnikov, CEO, RT- Invest Transport Systems

Igor Starygin, CEO, Association RADOR

Kirill Terentiev, Deputy CEO, National Telematic Systems

12:00-14:00
Business Centre Vivaldi

Fourth Meeting of Ministers of Authorised Bodies of Member States, Eurasian Economic Union (EEU)

(by invitation only)

12:30-14:30
Conference Hall No. 3
Gostiny Dvor

Round table

Use of GLONASS Satellite Navigation Technologies to Raise the Effectiveness of the Transport Industry and Ensure Transport Safety

- Regulatory support for use of navigation technologies in the transport complex
- Monitoring and oversight using GLONASS technologies
- Raising the effectiveness of transport management in constituent entities of the Russian Federation

Welcome addresses:

Igor Levitin, Aide to the President , Russian Federation

Alexey Tsydenov, Deputy Minister of Transport, Russian Federation

Alexander Morozov, Deputy Minister of Industry and Trade, Russian Federation

Sergey Efremov, Vice-President, All-Russian Union of Insurers

Moderator:

Andrey Nedosekov, CEO, GLONASS

Speakers:

Grigory Bakunov, Director of Technology Diffusion, Yandex

Valdimir Dubrovsky, Vice-President, Gonets

Semen Fokin, Director, Cars Directorate, Cesar Satellite

Andrey Gatin, Project Manager, SpaceTeam

Alexander Gurko, President, GLONASS

Igor Kashirin, CEO, GLOSAV

Vladimir Klimov, Executive Director, GLONASS / GNSS-Forum Association

Alexander Moldovanov, Director, Project Management Service, GLONASS

Alexey Pershin, Executive Director, Center of Navigation Technologies

Alexander Pilipovich, Advisor to the CEO, NAVIS

Andrey Platonov, First Deputy CEO, SpaceTeam

Igor Rozenberg, First Deputy CEO, NIIAS

Yury Visnevsky, Commercial Director, SKAUT

Oleg Zavalishin, CEO, Spektr

13:30-16:00
Conference Hall No. 1
Gostiny Dvor

Round Table

Russian Highways State Company, Avtodor Engineering

Improvement of the Pricing System in the Road Industry: Tasks, Problems, Prospects

- Event increasing the reliability of determination of estimate cost of works during construction reconstruction, overhaul, repair and maintenance of motor roads for General use
- Using the resource method of determining the cost of projects and using of consolidated standards for prices of engineering solutions to the kinds of road construction works
- Creating national and regional bases (databases) on the cost of inputs and labor resources, as well as analogous objects
- Implementation of regular actualisation of individual quotations and elemental estimate standards for construction and reconstruction of roads
- The implementation of the Resolution of the RF Government dated 23 August 2007 No. 539 "About norms of expenses of money for the maintenance and repair of roads of Federal importance and rules of their calculation", in connection with the increase of overhaul period of 12 years

Welcome addresses:

Evgeny Ditrich, First Deputy Minister of Transport, Russian Federation

Elena Sierra, Deputy Minister of Construction and Housing Utilities, Russian Federation

Sergey Ten, Deputy Chairman of the Transport Committee, State Duma, Federal Assembly, Russian Federation

Sergey Kelbakh, Chairman of the Board, Russian Highways State Company

Grigory Prokuronov, Deputy Head, Federal Road Agency, Ministry of Transport, Russian Federation

Moderator:

Igor Urmanov, First Deputy Chairman of the Board for Industrial and Technical Issues, Russian Highways State Company

Speakers:

Nataliya Bogomolova, Deputy Head of "State Expertise (the main state expertise) of Russia"

Alexey Domnitsky, Deputy CEO, Russian Road Research Institute

Oleg Kashchenko, Vice-President, National Association of Construction Engineering Consultants (NACEC);

Advisor to the CEO, Stroyproekt Institute

Elena Kuleva, Deputy Director of Design Department, Technical Policy and Innovative Technologies, Russian Highways State Company

Tatyana Matyushenko, Head, Economic Research Division, Russian Scientific-Research Institute for Highways

Vitaly Mironuk, Head, Design Department of Highways, Avtodor-Engineering

Alexey Pchelin, Deputy Head, Design and Construction of Highways Department, Federal Road Agency, Ministry of Transport, Russian Federation

Oleg Stupnikov, Head, Highway Department of State Policy in the Field of Road Infrastructure, Ministry of Transport, Russian Federation

15:00-17:00

Coliseum
Gostiny Dvor

Plenary Discussion

Transport and Economics: A Formula of Interdependence

- Transport as a factor for economic and social stability in Russia
- Multiplicative effects from developing the transport infrastructure: growth of cumulative demand and creation of new jobs
- Financing without the risk of inflation: why investments in the infrastructure do not whip up prices
- Instruments for attracting investment into the transport infrastructure in BRICS nations
- Looking to the future: how state-of-the-art technologies will change the landscape and economics of the transport industry

Moderator:

Albert Yeganyan, Chairman of the Management Board, InfraONE

Speakers:

Oleg Belozеров, President, Russian Railways

Mikhail Dmitriev, President, HP New Economic Growth

Sergey Frank, CEO, Sovcomflot

Sergey Kelbakh, Chairman of the Board, Russian Highways State Company

Igor Levitin, Aide to the President, Russian Federation

Evgeny Moskvichev, Chairman, Transport Committee, State Duma of the Federal Assembly, Russian Federation

Marat Shaydaev, Member of the Management Board, Summa Group

Maxim Sokolov, Minister of Transport, Russian Federation

Stanislav Voskresensky, Deputy Minister for Economic Development, Russian Federation

**Joint Round Table of Ministry of Transport, Russian Federation
and Ministry of Telecom and Mass Communications, Russian Federation**

Standardisation of Modern IT Solutions as a Key Factor in the Development of Land Transport

- E-tickets for international road transport
- Unification of e-ticket forms for city public transport
- Traffic control impact on the taxi market and development prospects
- Road traffic management: modelling traffic flows

Welcome addresses:

Maxim Sokolov, Minister of Transport, Russian Federation

Nikolay Nikifirov, Minister of Telecom and Mass Communications, Russian Federation

Moderator:

German Klimenko, Chairman of the Management Board, Council of Internet Development

Speakers:

Alexander Albychev, Director, Information Department, Tyumen Region

Nikolay Asaul, Deputy Minister of Transport, Russian Federation

Sergey Garagan, Chief Researcher, NIIAT

Tigran Khudaverdyan, Head of Service, Yandex.Taxi

Dmitry Milovantsev, Candidate Board Member, NIIAT

Oleg Pak, State Secretary, Deputy Minister of Telecom and Communications, Russian Federation

Alexander Yaroshko, Deputy CEO, National Center of Informatization

Vadim Yuriev, Head of the Traffic Centre Management, Moscow Government

Third Transport Education Forum

Transport Education: Historic Values, Current Stage, Growth Paradigm

- Concept and directions for transport education modernisation up to 2030
- Government – business – industry-related universities triad: key development trends
- Western and eastern partnership vectors of transport-related universities
- Industry-related education in implementing global transport projects
- General transport universities: international experience and their potential relevance in Russia
- Should any business in the transport industry seek sectoral experts in economics, law and IT at non-transport universities?

Welcome addresses:

Igor Levitin, Aide to the President, Russian Federation

Maxim Sokolov, Minister of Transport, Russian Federation

Moderator:

Isak Frumin, Academic Supervisor, Institute of Education, NRU HSE

Boris Lyovin, President, Association of Transport Universities

Speakers:

Konstantin Anisimov, General Director, Moscow Steamship Company

Victor Berdyshev, Vice-Rector for Educational and Methodical Work, Russian State Agrarian University – K.A. Timiryazev Moscow Agricultural Academy

Alexander Fedorov, Rector, Minin Nizhny Novgorod State Pedagogical University

Bakytzhan Kuanyshev, Rector, President of Kazakh M. Tanyshpaev Academy of Transport and Communications

Alexander Misharin, Senior Vice-President, Russian Railways; President, Russian Transport Academy

Dietrich Möller, President, Siemens in Russia; Vice-President, Siemens AG

Vyacheslav Prikhodko, Advisor to the Rector, Moscow Automobile and Road Construction University

Andrey Rudskoy, Rector, Peter the Great Saint-Petersburg Polytechnic University

Fan Yao, President, Eurasia International Corporation

12:00-13:30
Coliseum
Gostiny Dvor

100 Questions to the Minister of Transport of the Russian Federation

14:00
